

## UP SIDE DOWN QUIZ

**Age:** 10-12

**Language focus:** making questions to given answers

**Materials:** a sheet of paper for each group to write down the questions, pencils or pens

**Procedure:**

1. Divide the class into groups of four.
2. Give the answer and each group has to make a correct question and write it down.
3. Each correct question gives a point to a team.

Examples of answers:	Possible questions:
Blue.	What colour are your eyes? What's your favourite colour? What colour is the sky?
Basketball.	What's your hobby? What's your favourite sport? What did you play yesterday after school?
In the evening.	When do you usually read books? When's your birthday party? When do you like walking?
In the kitchen.	Where is your mum? Where do you usually have breakfast?

**Teaching tips:**

- Before starting the activity you can ask students to prepare some answers, write them on stripes of paper and put them into a small bag or box. Then you can use them during the quiz.
